

May 13th, 2018 | Your Account > How do I manage add-ons (monitoring, text, email) for multiple profiles?

Go to **Manage > Profiles**.

In the profile list, look at the **Add-ons** column.

Click the corresponding icon for a feature to toggle it on or off for the profile in the corresponding table row.

- In the **Email** column, clicking the envelope icon will turn on/off [email campaigns](#) for that profile.

- In the **Text** column, clicking the phone icon will turn on/off [text message campaigns](#) for that profile (depending on your plan and usage, this may impact your billing).
- In the **Monitoring** column, clicking the signal icon will turn on/off [review monitoring](#) for that profile (depending on your plan, this may impact your billing).
